Our Brass Band.

We had the pleasure on Friday evening of listening to the sweet strains of the Ogden Brass Band. It was astenishing at first b.ush to see such a heavy turn-out, but the admirable execution of the performers justified every one who forsook their comfortable firesides to attend the concert. We should judge by the crowded state of the sidewalks that there were at least 1,000 people gathered. The selections rendered were excellent, and well chosen, and in the melody selection the imitation of the clog dance by the snare drummer was executed in fine style. We think, however, the feature of the evening was the bass solos which were undonbtedly the bass solos, which were undoubtedly in mense. The pianos and fortes were well observed, and the concert generally gave great satisfaction to which effect gave great satisfaction to which effect many expressions were heard on all sides. At the close, three rousing cheers, were given, and all whim we met appeared to be delighted. The band ought surely to feel encouraged at the appreciation so apparent, and we anticipate it will be an early date when we shall have the pleasure of hearing the verifiemen again. hearing the gentlemen again.

Wardleigh has received the order for eighteen costumes which are being made by Messra. Lilly & Co. of Cincinnati, and it is expected that they cinnati, and it is expected that they will arrive ready for use on the 2d of May, the date of the Republican Ter-ritorial Convention, which convenes in this city. The uniform consist of a grey blouse and pants, the latter with black stripes and facings, and is said to be very neat.

Almost a Blaze.

On Thursday night, some clothing which is kept on the third floor of the Z. C. M. I., in this city in some unex-plainable manner caught fire, and smouldered undiscovered until next morning. Fortunately all the windows of the establishment were closed, which prevented the fire from spreading on account of lack of draft. It is unnecessary to state that the embryo fire was promptly exting ished and the institution may congratulate it self on its good luck and the etrict discipline of its employees whose duty it is to close all windows before leaving the building.

with scales like spots of mortar.

Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change your Curicura Remedies performed on me. About the ist of April last I noticed some red primples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, then the hext uight the scales, being formed meanwhile, were scratched of again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspacer about your Cuticura Remedies, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scaly cruption gradually dropped off and disappeared one by one, and have been fully cured. I had the disease thirteen months before I began taking the Cuticura Remedies of in four or five weeks was entirely cured My disease was eczema and paoriasis. I recommended the Cuticura Remedies to all in my vicinity, and I know a great many who have taken them, and thank me for the knowledge of them, especially mothers who have babes with scaly erruptions on their heads and boffes. I cannot express in words my thanks to you for what the Cuticura Remedies have been to me. My body was covered with solves, and I was an awful spectance to behold. Now my skin is as nice and ciear as a baby.
